helps promote the Star in your
young stars by learning:**

**Confidence...Courage...Stage Presence...
Character Building...Acting Skills...Active
Imagination...Originality
Team Spirit...Creative Expression...Healthy
Interactions And... ***

Thinking Outside The Box!

BENEFITS

***Schools:** Let your school and community know you are invested in the emotional and artistic development of your students.

***Enrichment:** Acting for YoungSTARS! serves as an extracurricular outlet & offers a healthy balance between work and play.

***Therapy:** Acting allows us to escape the real world for a while as we walk in the shoes of another through role playing and fantasy.

***Team-work:** Like sports, acting fosters team building, as we journey from children to adults.
